2.1 Protected characteristics

Get Active Sports is committed to the promotion of equality and diversity, eliminating discrimination, eradicating harassment and ensuring access for all. In doing so Get Active Sports ensure that all individuals are treated equally at all times protecting those who share characteristics outlined below.

Protected Characteristic	Description
Age	Refers to a person belonging to a particular age (e.g.32 year olds) or ranges of ages (e.g. 18-30 year olds).
Disability	A person has a disability if s/he has a physical or mental impairment which has a substantial and long-term adverse effect on that person's ability to carry our normal day to day activities.
Gender reassignment	The process of transitioning from one gender to another.
Marriage and civil partnership	In England and Wales marriage is no longer restricted to a union between a man and a woman but not includes a marriage between a same sex couple. This is also true in Scotland. Same sex couples can also have their relationships legally recognised as 'civil partnerships'. Civil partners must not be treated less favourably than married couples (except where permitted by the Equality Act).
Pregnancy and maternity	Pregnancy is the condition of being pregnant or expecting a baby. Maternity refers to the period after the birth and is linked to maternity leave in the employment context. In the non-work context, protection against maternity discrimination is for 26 weeks after giving birth and this includes treating a woman unfavourably because she is breast feeding.
Race	Refers to a group of people defined by their race, colour and nationality (including citizenship) ethnic or national origins.
Religion or belief	Religion has the meaning usually given to it, but beliefs include religious and philosophical beliefs including lack of belief (e.g. Atheism). Generally, a belief should affect your life choices or the way you live for it to be included in the definition.
Sex	A man or a woman.
Sexual Orientation	Whether a person's sexual attraction is towards their own sex, the opposite sex or to both sexes.
