# OUR DIRECTORS

**ROB SHERWOOD**

At 18 I went to Manchester University to study Sport and Exercise receiving a Bsc First Class Honours. I quickly noticed a gap in the market for high quality PE at Primary Schools and reliable childcare for parents during the school holidays.

Having approached a few local primary schools I quickly learnt the need for sports clubs at schools was at a premium, within 3 months I was running around 10 clubs with over 150 children attending every week.

**RYAN WHITE**

From an early age I have always had an interest and passion for sports.

I am a qualified teacher currently teaching at a primary school. I moved to New Jersey, USA where I oversaw the New York office for the multi sports and soccer programmes. I returned to the UK to undertake a degree in Applied Sports Science whilst helping to set up Get Active Sports.

**SHAUN GRANT**

Whilst completing my BTEC National Diploma in Sports Science, I worked for a selection of Sports Centres, Community Programmes and Football Clubs. During my final year of university, I started 'Sports Idol' – my first sports coaching company.

The company quickly became a force within the area and a rebrand to 'Get Active' has seen the company take on new heights by providing affordable childcare. I'm delighted with all of Get Active's achievements and know that it could not have been done without a great team behind me.

We are able to supply schools with members of staff to assist with children's reading, writing, speech and confidence.

We can also offer a mini inset day camp. Our camp will follow the same times as the school day which reduces the problem for parents having to find childcare and maintain the consistency of the working week. We will arrange everything from promotion, taking payment and registration.

Our successful programmes are created and planned in order to keep children healthy, active and engaged through sports, arts & crafts and educational activities after school hours.

# MAKING A DIFFERENCE

As a company we pride ourselves on making a difference. Whether this is to a child's life and wellbeing, or to helping our schools to improve fundraising and providing a more engaging service.

Children who attend extra curricular clubs often have improved attendance, higher grades, better social, emotional and behavioural skills. From September 2017 the Government have announced an increase from £160 million per year to £320 to help schools support healthier, more active lifestyles. This funding will enable primary schools to make further improvements to the quality and breadth of PE and sport they offer.

“ My twins attended the club this week and thoroughly enjoyed it. Staff were very friendly and the kids enjoyed all the activities which they had planned! ”

**VANESSA BURGESS- MOTHER**

“ The activities are so varied and fun. I can not believe the games they have! Nerf wars, laser tag, scooters, pool. The staff are so caring. They are actually playing and engaging with the children! ”

**HEATHER HARPER- MOTHER**

“ Our son had a couple of sessions at Holiday Camp this week. Initially, he was only booked in for a half-day, but he loved it so much that he didn't want to leave and asked to go back for another full day! ”

**VIKKI OVERSON- MOTHER**
